Q&A

10:45 Workshop on Zero-Emission Construction Sites

Facilitated by Tina Sølvsberg, National Suppliers Development Programme/
Innovative Procurements

- Purpose and scope of meeting & round of introductions
- Background on Zero Emission Construction Sites: status and the power of joining forces
- Diving deeper and establishing a joint work plan:

In this workshop we will be working our way through this topic and a suggested method for engaging the market by going deeper into the following issues and conclude on our work moving forward:

- How and why is this relevant for my city?
- Key risks, barriers and opportunities in this field
- Who are the key actors/ stakeholders to get on board – closely linked to this work/ keep informed
- Who needs to be on board to ensure sufficient buy-in/ ownership in your respective cities
- Market engagement preparations – key milestones & how to best organize this work (agree on work plan)

14.30-

15:00 Concluding remarks on our continued work
