Part 2: What can we do together for successful replication

Roundtable discussions with the different lighthouse cities/ follower cities or scale-ups.
Proaction café style.

Main question: What are your needs, what can you offer to other cities when it comes to replication of your solutions, practices and tools?

All participants can indicate a question/ idea they would like to discuss more in depth. Then all participants will vote and select 6 which they think they would like to discuss.

- The first round will focus on those 6 ideas and discuss NEEDS: what the city needs in order to replicate
- The second round will focus on the 6 ideas and discuss OFFER: what the city can offer in order to achieve replication

The participants of the first and second round can move to different tables if they wish but at least two people will stay at one table the whole time and those will moderate, take notes and report back about the discussions.

15.10 – 15.20
