

## Social Innovation Lab - 'Making Inclusive Cities through Social Innovation'

25-27 March 2019, Glasgow

### Ice-breaking session for newcomers

**Date:** Monday, 25 March 2019

**Time:** 16.30 - 18.00

**Venue:** Glasgow City Chambers, George Square (main entrance)

#### Audience

This session is for new members of the social affairs forum (SAF) and city representatives attending the SAF meeting for the first time as well as members that wish to benefit from a first networking moment. It will give an overview of forum priorities and working areas as well as an opportunity to find project partner cities.

#### Objective

This session will give newcomers an overview of our priorities for the Social Affairs Forum for 2019-2020 and our main areas of work. It will allow new members to familiarise themselves with our work and it will give them an opportunity to network in an informal setting. They will also have the chance to tell us what they hope to get out of their participation in SAF and their expectations for Social Innovation Lab.

#### Format

The session will be informal, interactive and engaging. It will consist of a plenary presentation and discussion (Q & A) followed by 4 thematic clusters to explain our working groups. Each cluster will have the chair or vice chair of two of our working groups and/or a member of EUROCITIES staff giving a 'taste' of our areas of work.
