

Overview of COVID-19 measures taken by the City of Vienna

EUROCITIES Cities Dialogue 7 May 2020

The impact of COVID-19 on Vienna

- economy: mainly gastronomy/tourism, small retail businesses, building, transport
 - unemployment: +56 % compared to April 2019 (Austria: +76%),
270.000 persons registered for short-time work,
+2,4 % means-tested basic income compared to April 2019
- fiscal impact: estimated between € 900 m and 2 bn losses for Austrian municipalities
- social impact: home schooling, domestic violence, homeless people
- societal impact: evictions have become impossible

Vienna after COVID-19

StolzAufWien BeteiligungsGmbH“
